# ABOUT US

Started in 2008, Youffy Medical Group has been a pioneer in delivering comprehensive and innovative services across several key areas within the healthcare industry. Our dedication to excellence and innovation drives our success in the following primary services.

#### Healthcare Facility Management:

We provide top-notch management services for healthcare facilities, ensuring they operate smoothly, efficiently, and in compliance with all relevant regulations. Our expert team oversees all aspects of facility management, from administrative tasks to patient care coordination, ensuring the highest standards of operation and patient satisfaction.

#### Professional Licensed Professionals:

Our group is proud to boast a team of highly skilled and certified professionals. These experts cover various specialties within healthcare, including medical, nursing, and allied health fields. Each professional is rigorously vetted and trained to uphold the highest standards of care and service, ensuring our clients receive the best possible healthcare solutions.

#### Resourcing Solutions:

Understanding the dynamic needs of the healthcare sector, we offer flexible and robust resourcing solutions. This includes temporary staffing, permanent placements, and consultancy services tailored to meet the unique needs of each client. Our resourcing solutions are designed to ensure that healthcare facilities have access to the best talent and expertise available.

Youffy Medical Group comprises several specialized subsidiaries, each catering to different aspects of healthcare and medical services. Together, these subsidiaries form a cohesive network dedicated to delivering high-quality healthcare services and products.

Firstly, Youffy Health Care, the original establishment within the group, provides registered nurses for various settings including home care, clinics, rigs, and other healthcare facilities.

Secondly, Youffy Medical Supplies offers an extensive range of medical equipment, prescription drugs, and consumables. This subsidiary achieves its comprehensive product offering through a robust network of suppliers both locally and globally.

Lastly, Youffy Services focuses on manpower solutions, specializing in providing caregivers and facility management personnel to meet diverse healthcare needs.

These companies, formed as a whole, constitute Youffy Medical Group, ensuring comprehensive and integrated healthcare solutions for a wide range of clients.

At Youffy Medical Group, we take immense pride in offering exceptional and individualized professional services. Our commitment is to provide certified, licensed professionals who excel in the fields of healthcare, medical care, and rehabilitation. We are dedicated to meeting and exceeding the diverse needs of our clients, ensuring they receive the highest quality care and support.

# Managing Director's Statement

*"More than just a company, we are a part of a legacy of excellence in the provision of medical services in Qatar"*

We invest in our people in order to build value. We invite you to learn more about the services we provide and our specialized offers available. Joining Youffy Group, will let you see why we are a trusted partner when it comes to innovative services and resolving the problems of our clients.

Our company is well-versed in the various requirements, policies, and quality metrics that are required by the Ministry of Public Health to ensure that an organization has the necessary technical and professional expertise to carry out the provision of nursing services within a hospital or home setting with little in the way of significant variance in the quality of care provided.

# Values are the essence of the company

## Our Mission

Our Mission is to meet the needs of clients and healthcare providers by enhancing operations for high service quality and professional standards. We aim to be the foremost "Center of Excellent Healthcare Solutions Internationally" by aligning with JCI and ISO standards efficiently. We emphasize prompt client service, collaboration within healthcare institutions, and continuous improvement. By providing compassionate and committed care, we seek to maintain our leadership among Medical other industries. Our goal is to offer trustworthy leadership, uphold high standards, and consistently elevate service quality for our valued clientele

## Our Vision

To be a global leader in providing innovative healthcare solutions, transforming lives through excellence in medical care and pioneering advancements across diverse industries, fostering a healthier and more prosperous world for all.

# Our Services

We, at Youffy, pride ourselves on offering exceptional and individualized professional services with certified licensed professionals in the fields of medical care, rehabilitation, asset management, property management, and medical supplies who will satisfy all the required need of the clients.

Our primary focus is to serve the best of our client's needs with a pledge of compassion, respect, and personal service. We invest in our people in order to build value.

## Youffy Health Care

Youffy Health Care specializes in supplying highly skilled and certified healthcare professionals, including registered nurses, doctors, and physiotherapists. Our tailored staffing solutions cater to the specific requirements of public sectors, private organizations, as well as the dynamic environments of rigs and the oil & gas industry. With a commitment to excellence, we ensure reliable and proficient healthcare personnel for optimal patient care and occupational health needs.

## Youffy Services

For companies that require extensive manpower services but do not want to go through the difficulty of having to provide accommodation, transportation, and visa processing. Youffy Services can provide manpower services for a wide-variety of different operations ranging from patient assistants, cleaning staff, construction workers, engineers, and even customer service representatives.

## Youffy Medical Supplies

Youffy Medical Supplies primarily focuses on government contracts (supplying to the Hamad Medical Corporation, Sidra Medicine, and Qatar Social Works (QSW) as well as B2B (business to business) supply agreements. However, as the company grows and expands we plan to enter into new markets and extend our reach into new client segments.

# Our Accreditation

With more than a decade of medical industry experience, Youffy has empowered numerous healthcare professionals in Qatar by providing a comprehensive range of healthcare solutions. We serve a diverse clientele, including governmental and semi-governmental hospitals, private and specialized hospitals, and rigs. Additionally, Youffy delivers innovative clinical solutions to in-home patients, ensuring their health, comfort, and happiness. Our success is driven by strategic partnerships, granting us access to an international network of esteemed healthcare operators through a single touchpoint.

## **MOPH Registered - Licensed Medical Health Services Provider**

Youffy is officially licensed as a Medical Health Services Provider by the Ministry of Public Health (MOPH). This certification underscores our commitment to delivering high-quality medical and healthcare services, ensuring compliance with the highest standards set by the regulatory authority. Our licensed status reflects our dedication to excellence in patient care and adherence to all MOPH guidelines and regulations.

## **ISO 45001:2018 Occupational Health and Safety Management System**

By following our guidelines, we've achieved high environmental friendliness in corporate activities. For example, in the oil and gas industry, we train staff to take precautions and meet prerequisites when exposed to chemical waste, ensuring compliance with ISO standards. Our comprehensive approach includes continuous staff training and best practices in environmental and health management, enabling ISO adherence and exceptional healthcare services across all locations.

## **ISO 9001:2015 Quality Management System**

Youffy demonstrates its quality management system through various methods and practices that collectively ensure the delivery of high-quality healthcare services. To achieve optimal performance, our management staff provides quality care while maintaining loyalty and respect for our clientele. Through the Private Nursing Care (PNS) program, they offer detailed orientations on handling specific tasks, ensuring that our staff is well-educated about the latest trends and advancements in the medical field.

## **ISO 14001:2015 Environmental Management System**

Our Environmental Management System includes implementing digitization procedures to reduce paper usage, reducing power consumption by shutting off lights and AC during the evening, limiting the use of company-owned vehicles for non-essential purposes, recycling paper for internal memos and other scratch paperwork, switching from paper and plastic cups to reusable porcelain, and using environmentally safe cleansers.
